FORENSIC THREAT ASSESSMENT

Psychological Abuse, Spiritual Extortion & Corporate Fraud

TARGET ENTITY: LUNAR ASTRO / DEEPANSHU GIRI

1. Executive Summary

This dossier compiles whistleblower testimonies, forensic corporate audits, and consumer watchdog reports regarding **Lunar Astro** and its founder, **Deepanshu Giri**. The findings indicate that the entity operates less as an educational platform and more as a high-control psychological group (cult). It utilizes spiritual extortion, psychological gaslighting, and aggressive digital harassment to silence victims and maximize illicit financial gains.

2. Psychological Gaslighting & Spiritual Extortion

The platform systematically exploits the psychological vulnerabilities of its clients through fear-based tactics:

> **The "Pending Karma" & Curse Trap:** Clients seeking standard guidance are routinely diagnosed with severe "Tantra issues," "ancestral curses," or catastrophic "pending karma." This induces panic, steering victims toward high-priced remedies or courses costing upwards of ₹1,49,500. **Tantric Retaliation & Occult Threats:** When dissatisfied consumers demand refunds, representatives allegedly threaten them with "bad karma," generation-spanning curses, or spiritual retribution. Giri publicly markets "Tantric Astrology" courses that invoke deities like Bhadra Kali to "strike back" at adversaries, creating an aura of supernatural terror to deter whistleblowers. **Cult-Like Grooming:** Vulnerable students are absorbed into the platform, stripped of their identities, and forced to operate as anonymous numerical codes (e.g., "Code 5007"), feeding the platform's financial upsell loop.

3. The "Code 5007" Proxy Fraud & Fabricated Credentials

> **Bait-and-Switch Consultations**
>
> Marketing materials heavily feature Deepanshu Giri to justify premium fees. However, clients are routinely routed to anonymous student interns (e.g., "Code 5007"). This constitutes a severe violation of the Consumer Protection Act, 2019 (Unfair Trade Practices).

Furthermore, Giri's marketed persona as an elite "Underwater Robotics Engineer" is fabricated. Background checks reveal only a standard B.Tech degree, with no academic papers, patents, or corporate engineering records to substantiate his claims. His "7-generation spiritual lineage" is similarly unverified, masking his 2012-2016 history as a freelance Upwork engineer.

4. Corporate Fraud & Tax Evasion

Forensic audits reveal massive corporate irregularities designed to shield wealth and evade taxes:

The Devguru Hindu Astrology Foundation Shell Game: Commercial revenues from expensive courses are allegedly funneled into a Section 8 non-profit charitable trust (Devguru Hindu Astrology Foundation) under the guise of "karmic donations," bypassing corporate income tax. **OPC Violations & Ghost Offices:** Despite estimated revenues of ₹14.9 Crore, Lunar Astro remains registered as a One Person Company (OPC), violating mandatory conversion laws under the Companies Act, 2013. Its registered address in Ghaziabad functions as a residential ghost office.

5. Digital Harassment, Plagiarism & The "Mehak" Proxy

Lunar Astro operates a coordinated digital enforcement arm to suppress dissent and hide intellectual property theft:

IP Theft: Giri is accused of plagiarizing proprietary techniques from veteran astrologers (e.g., Sunil John's BCP technique) and rival researchers like Rishi

Rohit Sharma (Vayom). **The "Mehak" Copyright Strikes:** To silence critics exposing this plagiarism, Giri's team uses a fake proxy profile ("Mehak") to issue illegal copyright takedowns against independent YouTube channels (e.g., Seek En Jagyasa). **Fake Cyber Cell Threats & Doxxing:** Whistleblowers face mass-reporting from student "troll farms," fake police Cyber Cell tracking threats, and severe doxxing, including the weaponization of critics' family photos and children's birth details.

6. Call to Action & Legal Recourse

The tactics employed by Lunar Astro transcend standard business disputes and enter the realm of criminal extortion, psychological abuse, and corporate fraud. Victims are urged to bypass the platform's SEO spam network and report these activities directly to:

- **The National Cyber Crime Reporting Portal** (for digital extortion and doxxing).
- **The National Consumer Helpline (NCH)** (for proxy fraud and refund denial).
- **The Income Tax Department** (for charitable trust tax evasion).
